Sir,

Alienation - Land and Revenue - Puttur Taluk - Puttur village - S.No.124/3C - Puttur Panchama Co-operative Society - Resumption - B.P.Misc.2970 L.R.& S., dated 24.9.1931 - Re-consideration of order suggested. pp 23+24 of (H)

****

I request that the Board may be pleased to reconsider the orders passed in B.P.Mis.2970, L.R.& Sett., dated 24.9.1931. pp 23+24 of (H)

2. The facts of the case have already been reported in this office reports, R.O.C.3121-31-A6, dated 28.5.1931 ... 3.9.1931. S.No.124/3C of Puttur village, measuring 6 cents was alienated in G.O.No.745 Mis. Rev.Dept., dated 27.3.1920 communicated with B.P.No.428 Mis., dated 1.4.1920 in favour of the Puttur Panchama Co-operative Society (No.2312) for use as the site of the Society's office and stores. The alienation was free of charge for occupancy right and free of assessment. pp 23+24 of (H) pp 42 of (H) pp 49+50 of (H) pp 9 of (G)

3. The Panchama Co-operative Society first took a loan from the Bank and erected a building. It is said to have worked well for a time but in about 1929-30, the Society suffered losses and in 1933 being unable to pay a debt of Rs.713/- to the South Kanara Central Co-operative Bank, the Society was about to be wound up, when the Rev. M. D. Sequeira, the local Parish Priest and Roman Catholic Missionary intervened, paid off the debt and succeeded in becoming the President of the Society. The society's out-standings now are reported to be Rs.1048/- of which Rs.7 ...0

are bad debts. ... Its sole asset is the building which lies unused. The Deputy Registrar of Co-operative Credit Societies, South Kanara is of the opinion that the condition of this Co-operative Credit Society is unsatisfactory and that it cannot be put on a satisfactory basis for a considerable period of time but he says that in view of recent Government orders, he is not able to wind it up.

4. The building standing on the alienated plot is not used for the Society's purposes as the Society is not working. On the contrary, a thatched mud building has been put up in front of it and this was being used as a petty shop till lately. There is thus a breach of the conditions of the grant, but the present Priest-President does not consent to the resumption of the alienated plot. His object is clear. . . The building is on the side of the trunk road opposite to his Church at Puttur and the Church would very much like to have the alienated plot with the building. The advance of the loan and the Presidentship are only thinly veiled means to this end.

5. It is quite certain that whatever are the possibilities of an Adi-dravida Co-operative Society, it has no need of a substantial building on the main road in Puttur town. I think, therefore, that the land should be resumed even if the Society is not wound up. One thing is absolutely certain and that is, that the Society does not require the site or building for itself.

6. The Village Panchayat Board, Puttur requires both the alienated site and building for locating its office. It has applied for alienation of the site with an offer to pay the present value of the building. The situation of the plot with reference to the Bus stand is shown in the enclosed eye-sketch. S.No. 124 3A & 3B comprise the Bus stand. the cattle pound having now been shifted to the place marked F. The Panchayat can control the Bus stand better from an office in 124/3C, the site to be resumed; a passengers' shed nearby would add to the convenience of the bus passengers and the Panchayat Board desires to construct a

passengers' shed close to the building, belonging to the Society, standing on 124/3C.

7. This building is reported to have cost Rs.800/- for construction and is valued now at Rs.500/-, Rs.100/- in excess of the market value reported on 3.9.1931. The Village Panchayat Board is willing to pay the present estimated value of Rs.500/- and this money will relieve the liability of the Society to some extent and might help it to function, independently of its present President, and for the benefit of the members of the Adi-dravidas for whom it was meant. When the Co-operative Society owes money and is offered Rs.500/- for a building which it cannot use, I can find no justification for the money being refused and the Society' debts remaining unpaid.

8. There is no tree-growth on the plot; no seigniorage fee was levied at the time of alienation. The plot may be resumed and the present value of the building estimated at Rs.500/- may be recovered from the Village Panchayat Board, Puttur and paid to the Society.

Your obedient servant,

Collector.

Alienation-- Land and Revenue--Puttur Taluk--Puttur village--S. No. 124/3C--Puttur Panchama Co-operative Society--resumption.

Ref:- Board's reference No. B. 5751-34-1, dated 24th September 1934.

I have consulted the Dy. Director of Agriculture, VII Circle, Tellicherry as requested by the Board. He states that he does not require the Panchama Co-operative Society building standing on S. No. 124/3C of Puttur, as his department is not prepared to pay a cash sum for the building. There are no other Government departments who can have any need for this small building. They all have offices already in Puttur.

2. The Dy. Registrar of Co-operative Societies, South Kanara, has no objection to the resumption of the building for purpose of being alienated to the Puttur Village Panchayat Board. He considers that the market value of Rs.500/- is very fair. In 1931 the figure Rs.400 was adopted in the first instance as being the amount the Panchayat was prepared to pay for the building.

3. The increase in the estimated market value of the building from Rs.400 fixed in 1931 to Rs.500 now, is due to its increased importance to the Panchayat on account of the location of the bus stand near it this year. The building is important to the

16

Panchayat Board, as it can easily control the Bus stand from it, and so save money in supervision. The Panchayat Board intends to have its office in the building and will construct a passengers' shed on the site as already stated in my letter dated 17th September 1934 and it requests that the site and building may be alienated to it on payment of the estimated value of the building of Rs.500. The building with the site may be resumed subject to payment of market value of Rs.500 to the Society. As the Society has debts which it is not able to pay off, the securing of a decent price for a building (which it never really needed) will be in the interests of the Society. The location of the Panchayat office here will be advantageous to the public.

Board's reference B. 5751/34--2 (L.R. & Settlement) dated 11th December 1934.

I enclose the original of the notice served on the Secretary and the President of the Panchama Co-operative Society, Puttur, in accordance with the Board's instructions.

2. The Secretary has not replied to the notice; the President-the Roman Catholic Priest, the Rev. Father R. D. Sequeira,--has replied on behalf of the Society that the Society is willing to relinquish the alienated site S. No. 124/3C of Puttur and to accept Rs. 500 in respect of the building standing on it. I enclose a copy of the priest's letter dated 13th January 1935 for the Board's perusal.

3. I am holding enquiry and shall pass orders, in due course, regarding the priest's request for the assignment of some land in his own name as additional compensation to the Society. I have already referred, in paragraph 4 of my report Ref. B3--17C2-34 dated 17th September 1934 to the Board, to

the objects of this priest in championing the cause of the Panchama Society at Puttur and his present request seems to me only to confirm the view already expressed by me about it.

4. The resumption of the plot may be sanctioned. As stated by me before, the price of Rs.500 offered for the building is a very fair price and it will be in the interests of the Society to secure it.

In their order No 745 ms Revenue dated 27.3.1926 the Govt Sanctioned the alienation of S No. 124-3C of Puttur Vge, Puttur Taluk, measuring 6 cents in favour of the Puttur Panchama Co operative Society" for use as the site of the Society's office and stores. The Society took a loan from the central Co-operative Bank and erected a building at a cost of Rs 800/-

It worked well for a few years but subsequently i.e in the co-operative years 1929-1950 sustained a loss of Rs 368/-. It owed a sum of Rs 713/- to the central Co-operative bank. The Society was about to be wound up when the Rev R.D. Sequeira the local parish priest and Roman catholic Missionary intervened paid off the debtand succeeded in becoming its President of the Society. The Society's present Standings are reported to be Rs 1,048/- which Rs 745-8-0 are bad debts. Its Sole asset is the building which remains unused. The Deputy Registrar co-operative credit Societies South Kanara is of opinion that the Condition of this Society is unsatisfactory, and making

cannot be put on a satisfactory basis for a considerable period of time. He is however unable in view of the orders of the Govt on the subject to wind it up.

2 The Society is not now working. A thatched mud building was put up in front of the Society's office and it was used till lately as a petty shop. The land is not therefore used for the purpose for which it was alienated. The President did not at first agree to the resumption of the land and the collector submitted proposals for resumption. The Board directed that a notice should be issued to the Secy to show cause why the land shd not be resumed. A notice was accordingly served on the Secretary

and the President of the Society ~~to show cause why the land should not be resumed~~. The Secretary has not replied to the notice but the President ~~the Roman Catholic Parish~~ has relinquished the land and the building subject to the payment of Rs 500/- on account of the building on the land. The Board is sanctioning the resumption of the land.

3. The Panchayat Board, Puttur requires the land and building for locating its office. It has offered to pay the present value of the building Rs 500/- vide para 6 cl. (b) 2 (c). The situation of the plot with reference to the buildings is shown in the enclosed sketch S No 124 3A 11/2B is to comprise the buildings standing the cattle pound having been shifted to the

4 The Dy Director of Agriculture VII circle Tellicherry who at first wanted the land and the building for the location of the office of the Agriculture demonstrator, is not now in need of the building. The collector reports that there are no other Govt depts who can have any need for the small
